

# VIEW JOB POSTED PAGE

The screenshot shows a web browser window with multiple tabs. The active tab is 'Home - PSSL Jobs'. The address bar shows the URL '127.0.0.1:8000'. The page has a green header with the text 'FEATURED JOBS'. Below the header, there are three job listings, each with a header image showing a group of people at a desk. The first listing is for a 'VB.NET PROGRAMMER' in Brgy. Suay, Himamaylan City, Full Time. The second listing is for a 'C++ DEVELOPER' in Brgy. Aguisan, Himamaylan City, Part Time. The third listing is for an 'ANDROID DEVELOPER' in Brgy. Tapi, Kabankalan City, Internship. Each listing includes a brief description of the role. A red chat bubble icon is visible in the bottom right corner of the page.

## FEATURED JOBS

### VB.NET PROGRAMMER

📍 Brgy. Suay, Himamaylan City

**FULL TIME**

A VB.NET developer uses the Visual Basic programming language to create programming applications within the .NET framework. In this career, your job duties consist of developing software and front-end applications using Visual Basic coding and scripting.

### C++ DEVELOPER

📍 Brgy. Aguisan, Himamaylan City

**PART TIME**

Image result for what is C++ Developer A C++ developer uses C++ to create computer systems or applications. As a C++ developer, you may work in embedded systems, financial systems, or even gaming. There are a variety of roles beyond programmer that you can move into; these include lead developer or architect. They often work as part of large teams.

### ANDROID DEVELOPER

📍 Brgy. Tapi, Kabankalan City

**INTERNSHIP**

An Android Developer is a Software Developer who specializes in designing applications for the Android marketplace. The Android marketplace is the direct competitor to Apple's app store. This means most of an Android Developer's job revolves around creating the apps we use on our smartphones and tablets.
