## PRODUCT PAGE:

The screenshot shows a web browser with multiple tabs open: IBM, IBM Cloud, WhatsApp, Inbox (1,520) - ponpandian100@, and Home - PSSL Jobs. The address bar shows the URL 127.0.0.1:8000. The browser's toolbar includes icons for Gmail, YouTube, WhatsApp, and a dashboard link. The main content area has a green header with the text 'FEATURED JOBS'. Below this, there are three job listings, each with a header image showing a desk with a computer and a sign that says 'PSSL Jobs'.

### FEATURED JOBS

#### VB.NET PROGRAMMER

BRGY. SUAY, HIMAMAYLAN CITY

**FULL TIME**

A VB.NET developer uses the Visual Basic programming language to create programming applications within the .NET framework. In this career, your job duties consist of developing software and front-end applications using Visual Basic coding and scripting.

#### C++ DEVELOPER

BRGY. AGUISAN, HIMAMAYLAN CITY

**PART TIME**

Image result for what is C++ Developer A C++ developer uses C++ to create computer systems or applications. As a C++ developer, you may work in embedded systems, financial systems, or even gaming. There are a variety of roles beyond programmer that you can move into; these include lead developer or architect. They often work as part of large teams.

#### ANDROID DEVELOPER

BRGY. TAPI, KABANKALAN CITY

**INTERNSHIP**

An Android Developer is a Software Developer who specializes in designing applications for the Android marketplace. The Android marketplace is the direct competitor to Apple's app store. This means most of an Android Developer's job revolves around creating the apps we use on our smartphones and tablets.

A red speech bubble icon is located in the bottom right corner of the page.

## ABOUT JOBS

A job, employment, work or occupation, is a person's role in society. More specifically, a job is an activity, often regular and often performed in exchange for payment. Many people have multiple jobs. A person can begin a job by becoming an employee, volunteering, starting a business, or becoming a parent.
